# Sleuth

**Could you be a  
detective?**

**ZOIELOGIC DANCE THEATRE'S Sleuth**

**ZOIELOGIC.CO.UK/SLEUTH**

**Sleuth is an exciting dance theatre production packed with intrigue, surprise and action!**

### **Synopsis**

**Sleuth** is a dance theatre production where audiences vote throughout the show, deciding which clues the detective follows. This 45 minute work captures the essence of classic film noir. Set in the 1950's, three male dancers bring to life a story of choice.

**Sleuth** is designed to be highly adaptable to its environment, allowing for effective and high quality presentation in alternative and community spaces such as community halls, nightclubs, social clubs, schools, youth clubs, areas of low arts provision, access or engagement.

## Technical

Sleuth is performed on a flat floor set up where the audience sit within the set in banks of custom made seats.

- Space requirements are an indoor space of 11m x 9m with a height allowance of 3.8m across the whole space.
- Access to space needs to be minimum standard double door width with no tight corners and no steps or with access to a lift.
- Access to 2 standard 32 amp circuit via a minimum of 7 sockets
- Ideally the space would be equipped with the ability to go to full black out but if not clearance for us to achieve this
- needs to be agreed in advance.
- Full touring kit is 1.5 tonnes

- 1 venue tech to support load in is required
- We need a minimum of a 4 hour get in and fit up and 4 hour rehearsal before any show time, but we can be flexible about how this falls
- Get-out is approximately 2 hours after end of show
- Running time approximately 45 mins with no interval

## Digital Engagement

Our aim is to communicate with audiences before and during the tour, surrounding the set with small interactive installations in each venue's public space, as well as offering online learning and education opportunities to 11-16 year olds studying dance.

## A bit about us...

We are **ZoieLogic Dance Theatre**. We challenge the perceptions of dance, who it's for, where and how it is shown.

We want as many people to experience dance as possible; to see it, be in it and help make it. We make shows and projects for you and create unforgettable experiences with you.
